## ORDERING INFORMATION

Please use an individual order form for each doll ordered. Note most dolls are offered as presented and can be shipped immediately. Call about its availability. If you wish to order a doll in your own choices, use the pallet of colors: primary, secondary, pastels or earth tones, choose first for dress, then for pinafores, aprons, and finally for underpinnings. Select either white or ecru trimmings. If you are unsure, trust our discretion and experience. Select a hair color and hairstyle from offerings. For real eyes, simply state color. For motif eyes, state colors, and we will match shades to clothing colors.
